## Headphone Amplifier

SOLO

Headphone Amplifier

- *Hybrid stereo Amplifier*
  - *Class B Push Pull*
  - *1ECC82 Tube (double triode) per canal*
  - *4 Transistors per canal*
- *Power : 2x0.7 W at 47  $\Omega$*
- *2 impedances : high and low*
- *Headphones from 30  $\Omega$  to 600  $\Omega$*
  
- *Aluminium case*
- *EMI/RFI Shielding*
- *ALPS Potentiometer (RK27 - Blue Velvet)*
- *Audio grade toroidal transformer (very low induction noise)*
- *Schurter IEC plug and fuse*
  
- *1 input line (RCA sockets)*
- *1 output Neutrick Jack 6.35*
- *Dimensions : 19 x 19 x 12 (cm)*
- *Aluminium standard color*
- *Color option : black - white*
  
- *Entirely manufactured in France (components soldering and internal cabling)*
